

Life's a Lock Down

Cleaned the kitchen and the cupboards

Cleaned all the windows and doors

Cleaned the cooker and the oven

But still can't come out of this Lock down

Clothes from wardrobes dusted and Ironed

Towels and sheets washed and Folded

Jewellery Boxes sorted and all polished

But still can't come out of this lock down

The drive and wall spotless and stainless

the cars and wheels waxed and gleaming

The Garden buzzing and blooming marvellous

But still can't come out of this lock down

Lots of online Choosing and shopping

lots of online paying and checking

lots of online Quizzing and Zooming

But still can't come out of this lock down

Waiting daily for the Corona news and updates

Waiting daily for calls from friends and family

Waiting daily for a trip to supermarket and beyond

Oh! This lock down is getting me down and out!
